# ENGINEERED EXCELLENCE IN RIDE AND COMFORT

The XPENG features a front double-wishbone suspension providing responsive handling, smooth cornering, and minimal road impact, while advanced NVH engineering and multi-stage damping ensure a quiet cabin for maximum driving comfort.

# ADVANCED EFFICIENCY FOR EVERY JOURNEY

With its high-voltage SiC platform and rapid recharge capabilities, XPENG offers exceptional energy efficiency, powerful performance, and seamless driving—perfectly suited for busy schedules and long-distance adventures.

**EVERYDAY MOBILITY  
MADE EFFORTLESS**

## STARSHIP-INSPIRED DESIGN

XPENG's iconic design combines sleek techno-flow styling with aerodynamic function. Short overhangs and a low center of gravity enhance stability and control, while the suspended roof design opens generous cabin space, ensuring a harmonious blend of comfort, performance, and contemporary sophistication.

### Ultra-Low Wind Resistance Body

Low-drag engineering ensures superior performance and energy saving.

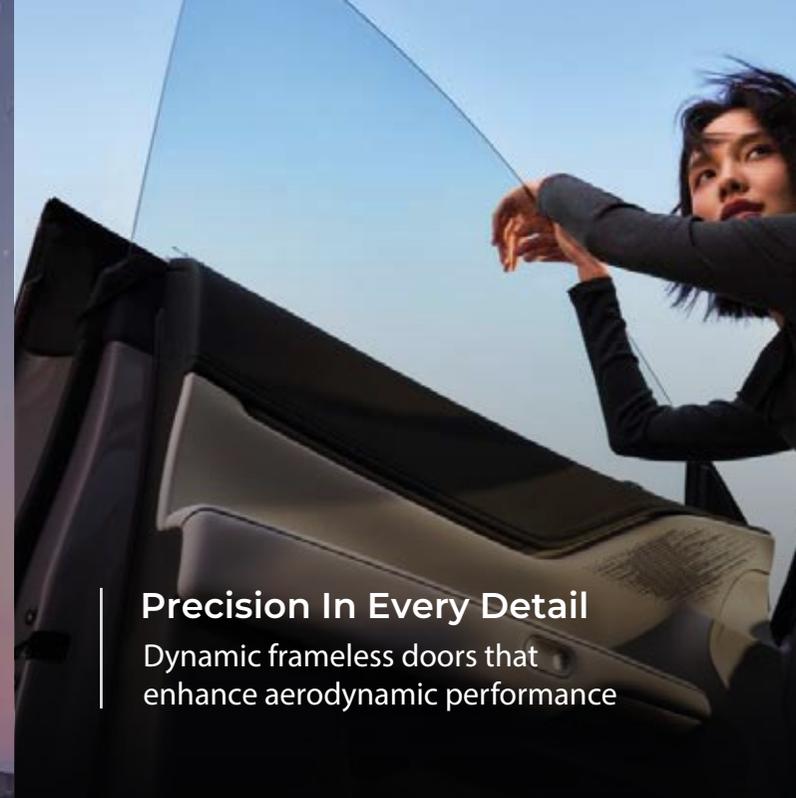

### Sculpted To Perfection

Widened shoulders and ducktail spoiler define the bold Xpeng G6.

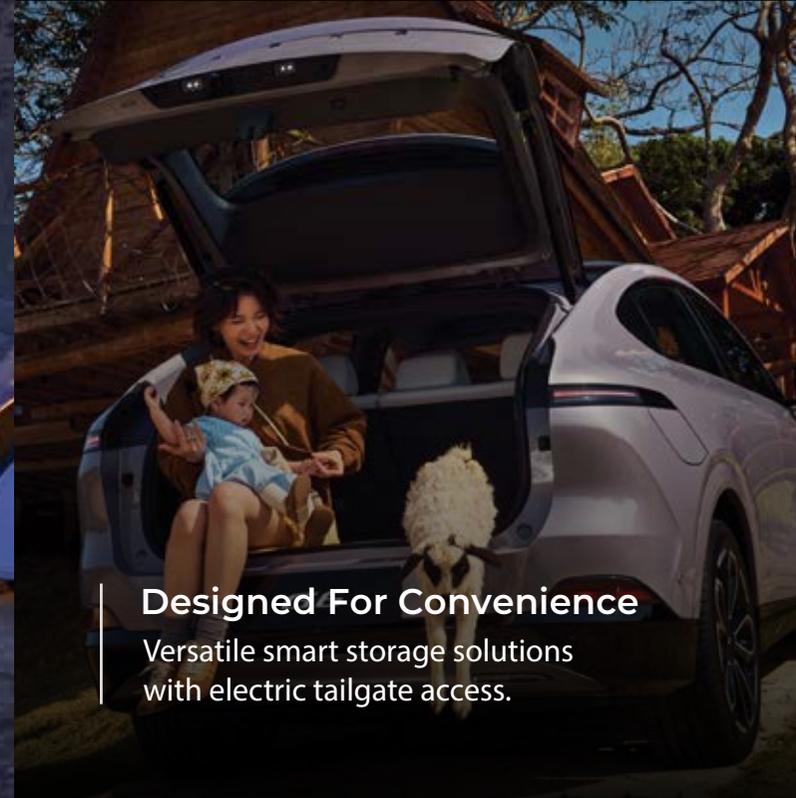

# STRIKING ILLUMINATION THAT COMMANDS ATTENTION

The XPENG G6 features auto-sensing LED headlights, daytime running lights, integrated position lamps, and dynamic turn signals. At night, the front and rear lights shine brightly, creating a striking, highly recognizable signature that blends advanced technology with bold design.

## Precision In Every Detail

Dynamic frameless doors that enhance aerodynamic performance

## Designed For Convenience

Versatile smart storage solutions with electric tailgate access.

**UNPARALLELED COMFORT  
AND EFFORTLESS CONVENIENCE**

## IMMERSIVE CABIN DESIGNED FOR EXCELLENCE
