BUILT ON INNOVATION

Chongqing Kuayue (Group) Co., Ltd. is a leading Chinese enterprise dedicated to innovation and excellence across the commercial vehicle and logistics sectors. Incorporated in 1996 with roots tracing back to 1994, the company has steadily evolved into a dynamic and diversified group that plays a vital role in China's transportation and industrial development.

COMMITTED TO EXCELLENCE

Headquartered in Chongqing, one of China's core manufacturing and logistics hubs, Kuayue Group focuses on the design, production, and distribution of high-performance light commercial vehicles. With a strong commitment to quality, efficiency, and customer satisfaction, Kuayue has built a reputation for producing durable, cost-effective mobility solutions.

LEADING THE FUTURE OF ELECTRIC MOBILITY

The KYC V5 & V7 Electric Range defines a new era of eco-conscious, high-performance electric vehicles built for the demands of modern mobility. Powered by advanced battery systems and engineered with cutting-edge innovation, this range delivers exceptional efficiency, reliability, and sustainability.

Designed for today's fast-paced world, the KYC V5 & V7 offer a flexible lineup of zero-emission vehicles that maintain efficiency and reliability. Whether for urban deliveries, logistics, or everyday use, these models are optimized for low operating costs, reduced maintenance, and maximum environmental impact.

NEW ENERGY LOGISTICS VEHICLE
COMPETITION 2023

KYC V5 | Ideal for daily driving and light commercial usage

The Ultimate Urban Companion

The KYC V5 delivers a well-rounded electric driving experience, thoughtfully designed to meet the unique demands of urban environments. Its compact size and nimble handling make it perfectly suited for navigating city streets, tight corners, and heavy traffic.

Whether used for light commercial purposes like small deliveries or as a personal vehicle, it is an ideal choice for those who prioritize sustainability without compromising on reliable performance for their daily transportation needs.

KYC V7 | Engineered for demanding operational needs.

Powering Commercial Excellence

The KYC V7 delivers a spacious and durable electric mobility solution designed to handle heavier-duty tasks with ease. Its robust construction ensures reliability and long-lasting performance, making it an excellent choice for businesses that need a vehicle capable of carrying larger loads while maintaining consistent efficiency.

By combining strength, efficiency, and eco-friendliness, the KYC V7 stands out as a smart and responsible option for companies dedicated to operational excellence and sustainable practices.

Power, Efficiency & Performance

Engineered for everyday performance, the KYC V5 & V7 offer strong electric power, low energy consumption, and a quiet, efficient drive for urban and business needs.

Motor Power

Delivers 50 kW motor power for reliable daily commutes.

Maximum Torque

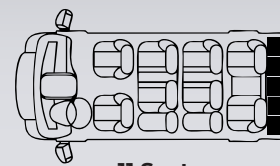

Equipped with 220 Nm torque for smooth daily performance.

Maximum Range

Estimated range of upto 300 km per full battery charge.

Maximum Speed

Top speed of 100 km/h ensures driving within city speed limits.

11 Seater

KYC V5

4495 x 1680 x 1990

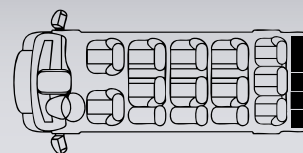

11 Seater

Payload Capacity

Handles up to 1230 kg payload, perfect for small commercial operations.

Weight Capacity

Base curb weight of 1540 kg, maximum gross operating weight hits 2600 kg.

14 Seater

KYC V7

4800 x 1680 x 1990

14 Seater

Payload Capacity

Handles up to 1105 kg payload, perfect for small commercial operations.

Weight Capacity

Base curb weight of 1595 kg, maximum gross operating weight hits 2700 kg.

Battery & Charging

CATL is a world leader in lithium iron phosphate (LFP) battery innovation, trusted for its unmatched safety, durability, and performance. Known for exceptional thermal stability and long cycle life, CATL batteries enable faster charging, longer usage, and minimal maintenance.

CATL commitment to excellence makes it the preferred choice for modern electric vehicles.

Technology & Infotainment

The KYC V5 & V7 feature smart, user-friendly technology with intuitive infotainment, digital displays, and essential connectivity for a modern driving experience.

The KYC V5 EV is equipped with a vibrant 7-inch color Touchscreen infotainment system, along with Bluetooth connectivity to keep you fully connected wherever you go.

Advanced keyless entry in the KYC ensures effortless access, secure locking, and modern convenience, perfectly aligned with the vehicle's smart infotainment features.

Designed for Comfort

Spacious and thoughtfully crafted, the KYC V5 & V7 interiors provide comfort and convenience with quality finishes and user-friendly features for every journey.

Bold two-tone seats create a dynamic, stylish interior atmosphere, showcasing thoughtful design and modern flair.

Front and rear seats feature integrated head restraints for enhanced comfort and optimal passenger protection.

Dual Air Conditioner

Consists of a dual air conditioner and heater to ensure optimal cabin comfort, delivering consistent cooling and heating for a pleasant driving experience.

Engineered for convenience

Thoughtfully integrated smart features and accessories provide ease of use, enhanced safety, and reliable connectivity for all daily driving needs.

Smart Connectivity & Entertainment

Enjoy seamless integration with Bluetooth, USB, AUX, Android system, and a vibrant touchscreen with crisp visuals.

Functional Smart Accessories

Thoughtfully equipped with bottle holders, 12V socket, vanity mirror, rearview mirror, and front seat back pockets.

Everyday Driving Essentials

Includes digital meters, cabin light, sound system & sweeping dash design that enhances overall driving experience.

Purpose-Driven Design

The exterior design of the KYC blends practicality and modern aesthetics, featuring clean lines, durable build, and a confident presence suited for both work and city driving.

Enhanced visibility with projector headlamps, front fog lamps, and wipers designed for all weather conditions.

Roof sports antenna and black rails enhance both the vehicle's aerodynamic profile and functional utility.

Stylish body-colored bumpers, black front bezel, side moldings, and protective claddings create strong road presence.

Ground Clearance & Wheels

Featuring durable 195/65 R14 alloy wheels, a reliable spare wheel, and 185mm ground clearance for enhanced stability and smooth handling.

Driving & Safety Features

The KYC V5 & V7 EV offers a confident driving experience with responsive handling, essential safety features, and driver-assist systems designed to enhance control, awareness, and everyday road safety.

Dual Airbag (SRS):

Provides driver and passenger protection during collisions.

ABS Brake Fr Disc/Rr Drum:

Anti-lock braking improves control during sudden stops.

HD Reverse Camera:

High-definition camera aids safe and accurate reversing.

4 Level Regenerative Power:

Adjustable regenerative braking helps extend driving range.

Head Lamp Leveler:

Allows manual headlight angle adjustment for better visibility.

Technology & Accessibility

The KYC V5 & V7 delivers a smooth, comfortable driving experience with thoughtful features designed for convenience, ease of use, and everyday practicality—making every journey more relaxed and enjoyable.

Electric Power Steering (EPS):

Smooth, effortless steering for easy urban driving control.

Power Shutter (Front):

Electric front windows for quick, one-touch operation.

Central Door Locking System:

One-button control secures all vehicle entry points.

Air Conditioner & Heater:

Basic climate control for a comfortable driving environment.

Three Spoke Urethane Wheel:

Simple, durable steering wheel with a sporty look.

Smart Door Design:

Dual sliding side and rear barn doors for easy loading and access.
